

Bell Springs Winery offers a great selection of wines crafted from various regions across Texas, the United States, and Europe. Their philosophy is providing great tasting wines with a little bit of something for everyone. Enjoy their large outdoor covered deck and tree lined lawns. Bring a picnic, grab a bottle of wine, and hang out. Bell Springs Winery regularly offers live music on the weekends, and don't miss your favorite sports and events on their flat screen TVs.

Hawk's Shadow Winery is located deep in the Texas Hill Country, and yet is just 30 miles from downtown

Austin. Hawk's Shadow was built and is operated with the hardworking spirit of those who first carved a life from these limestone encrusted plateaus. The unique terroir produces the strong character found in the grapes grown on the estate. Their hand crafted portfolio of Texas wines features their own estate varietals, and grapes from carefully chosen Texas growers.

**WESTCAVE CELLARS WINERY**

Westcave Cellars Winery and Vineyard is nestled in the oaks along scenic Hamilton Pool Road. The finely crafted wines are produced from grapes grown on the property, as well as from other choice Texas vineyards. Enjoy the Hill Country views from their tasting room flanked by parcels of vineyards, take advantage of the picnic area under the oak trees, or relax in their signature hammock next to the vines.

Get off the road...  
and get on the trail!

No need to spend hours driving to wineries, when you can spend them tasting fabulous wine, enjoying picnics, and listening to live music.

The Dripping Wine Trail connects and celebrates wineries in and around Dripping Springs, Texas.

Make an easy day of it visiting our trail wineries — Westcave Cellars Winery, Hawk's Shadow Winery, and Bell Springs Winery — all close to each other and close to Austin!

Get off the road...and get on the trail!
